

ARRANGE CREMATIONS ONLINE

CREMATION ARRANGEMENT PORTAL

As part of your enhanced services profile, you will be able to provide families the ability to plan a cremation online. Display packages, services, and products, with or without prices — you get to determine the services and products you want to offer. Cremation customers are price shoppers, and many discount cremation brands put prices online that are so low. Now is your chance to compete!

Cremation Options

Give families a choice by offering direct cremation, as well as a funeral or memorial service. You set the prices, including whether you offer a discount for shopping online, or a special price for preneed sales.

Merchandise Catalog

Show a selection of product images such as urns, cremation containers, jewelry, memorial gifts, flowers, and more. Give exact prices, ranges, or no price at all—it's up to you.

Price Estimator

Give customers the information they need to know they can afford your services. It doesn't have to be an exact receipt, just enough for them to know you're in their price range.

Lead Generation Form

Customer information is sent directly to you and your staff with all of their preferences itemized in the email for easy follow up.
